## STATE TONNAGE TAX HELD CONSTITUTIONAL

### NOTICE OF APPEAL TO SUPREME COURT BY MINING CO'S.

IF RULING UPHOLD STATE WILL  
RECEIVE ONE MILLION  
IN TAXES

UNDER NORMAL CONDITIONS REV-  
ENUE WILL AMOUNT TO 3 1/2  
MILLIONS

(By United Press.)  
St. Paul, May 25.—The Minnesota  
tonnage tax on iron ore was held  
constitutional by Judge Tillman John-  
son of Salt Lake City in federal court.  
The ruling was handed down Wednes-  
day evening.

Attorneys for the Oliver Iron Min-  
ing company and seven allied compa-  
nies gave notice today that an appeal  
will be taken. More than 40 iron min-  
ing companies are interested in the  
tax case.

The law passed by the last legisla-  
ture places a state tax upon the occu-  
pation of iron mining, and the tax was  
determined by the tonnage of ore  
mined. It is called an occupational  
tax by the state. The mining compa-  
nies declared the tax unconstitutional  
on the grounds that ore is placed in  
interstate commerce the moment it is  
contracted for and therefore is not  
liable to state tax.

If Judge Johnson's ruling is sus-  
tained, the tax will mean about three  
and one-half million dollars in rev-  
enue to the state.

The present suit involves only about  
\$1,000,000 in taxes, since last year was  
a very light producing year in the iron  
mines.

### Morgan Insists On Ironclad Guarantees From Germans For Loan

(By United Press.)  
Paris, May 25.—The international  
bankers commission which is reported  
to be considering four plans for an  
international loan to Germany, one  
proposed by J. P. Morgan, resumed its  
deliberations at Hotel Astoria today.  
The morning session ended after  
two hours of discussion.

It is unofficially reported that Mor-  
gan was holding out for "ironclad  
guarantees" from the Germans.

Herr Bergman, the German repre-  
sentative at the conference, was in-  
terviewed by the United Press on this  
point. He said he could not break the  
rule of secrecy, but that things were  
going as he had anticipated.

### FRENCH PREMIER IS ASSURED VOTE OF CONFIDENCE

(By United Press.)  
Paris, May 25.—Premier Poincare al-  
ready is assured of a large vote of  
confidence as a result of the discus-  
sion of France's foreign policy in par-  
liament, political observers declared  
today.

Most important of the developments  
of the two day debate in the chamber  
of deputies has been the evidence that  
the Poincare ministry has not yet de-  
cided definitely to send an army into  
the Ruhr Valley if the Germans do not  
pay up by next Wednesday.

### TWO CONFIDENCE MEN ARE ARRESTED COMPLAINT OF VICTIM

St. Paul, May 25.—Joseph Nis is not  
one of those "born every minute."

A pair of "slick slickers" swindled  
Joe out of \$400 last Thursday. Today  
Joe laughed up his sleeve. He had  
landed the slickers in jail and ob-  
tained his \$400, as well as railroad  
fare to Chicago and back.

Joe met the strangers when he ar-  
rived here. He gave them \$400 to in-  
vest, and they showed him a deposit  
slip for "profits" of \$8,000. Joe went  
to Chicago to get \$2,000 more. On his  
way back he thought it over, and told  
police. Two men who gave their  
names as Charles Pearson and F. F.  
Fullerton were arrested.

Pearson turned out to be Charles  
Jamieson, who police said was a well  
known confidence man.

### FREIGHT TRAIN CRASHES IN STREET CAR; 35 INJURED

(By United Press.)  
Birmingham, Ala., May 25.—  
Thirty-five persons were injured,  
eight seriously, when a freight  
train crashed into a street car  
here today.

The car was loaded with 73  
passengers and was struck square-  
ly in the center, while attempt-  
ing to cross the tracks of the Ala-  
bama Great Southern railroad in  
the east end of town.

### MISSING REVOLVER IN WARD SHOOTING CASE IS DISCOVERED

(By United Press.)  
White Plains, N. Y., May 25.—The  
missing revolver in the Ward shoot-  
ing mystery has been discovered.

Sheriff Werner today showed news-  
paper men two revolvers, one of which  
he said had presumably been used by  
Clarence Peters, ex-sailor, who was  
shot and killed by Walter S. Ward on  
May 16.

Both guns were produced by Ward's  
attorneys. The fact that no gun such  
as Ward claimed Peters had used to  
threaten him before the killing had  
been produced up to today, had weigh-  
ed heavily in the minds of West Ches-  
ter county authorities. Absence of the  
gun, they said, had been one of the  
chief discrepancies in his story of the  
killing.

Ownership of the revolver alleged  
to have been used by Peters is being  
traced by the officials in charge of  
the case. In showing the revolver,  
Sheriff Werner said he believed the  
case was "pretty well cleared up."

### AIM POWERFUL BLOW AT SODERMAN DEFENSE

(By United Press.)  
Dallas Texas, May 25.—The state to-  
day aimed a powerful blow at Dave  
Soderman's plea of insanity, and that  
he killed Jay Clay Powers because of  
the playwright's "theft of love" from  
Mrs. Soderman.

Mrs. Nina Hockster, housekeeper at  
a hotel, formerly jointly owned by  
Soderman and Powers, in Ft. Worth,  
and first rebuttal witness, testified  
that the day Mrs. Soderman fainted at  
the dressmaker's and she and Powers  
entered a room at the hotel, there was  
a bottle of whiskey on the table.

Defense Attorney Pelphry, of El Pa-  
so, testified that the officers who ar-  
rested Soderman following an attack  
on Mrs. Soderman there said he was  
"crazy drunk."

### NEW TRAGEDY IN CHICAGO'S 'HOUSE OF THOUSAND MYSTERIES'

(By United Press.)  
Chicago, May 25.—A new tragedy  
was checked up in the "house of thou-  
sand 'mysteries' here today when the  
nude body of Mrs. Rosie Greenberg,  
formerly an actress, was found slain  
by strangulation in her room.

The killing climaxed a long series  
of tragedies in the house, formerly the  
property of the former mayor, William  
Hale Thompson. The mayor was born  
in the house, once the most beautiful  
residence in Chicago.

### DEFENSE CLOSES IN BLIZZARD TRIAL

(By United Press.)  
Charleston, W. Va., May 25.—The di-  
rect case of the defense in the Bliz-  
ard treason trial was closed today.

The prosecution began its final re-  
buttal.

Sergeant Timothy Lynch, Ft. Thom-  
as, Ky., told of the entering of the  
federal troops into the mine war area  
last August, and described briefly how  
Blizzard accompanied him from Blair  
to the federal line and helped him dis-  
perse the miners army.

### Killed by Passenger Train

(By United Press.)  
Minneapolis, May 25.—John Moore,  
55, was instantly killed by a passen-  
ger train near his home at St. Albans,  
Minn., early today. He dodged a  
freight train and stepped in front of  
a passenger bound toward Minneap-  
olis.

### FREIGHT RATE CUT WILL REDUCE COST OF LIVING ONE BILLION

ACCORDING TO GOVERNMENT EX-  
PERTS; SEE CONSUMER GETS  
THE BENEFIT

(By United Press.)  
Washington, May 25.—The nation's  
cost of living per year probably will  
be reduced nearly \$1,000,000,000 a year  
as the result of the ten per cent re-  
duction in freight rates.

This means a saving of \$10 a year  
for every person in the country. The  
reduction will cut the nation's freight  
bill from \$500,000,000 to \$400,000,000 a  
year, according to official figures.

The government experts who have  
been following the trend of the cost  
of living estimate a decrease or an in-  
crease in freight charges is more than  
tripled when it is finally passed on to  
the consumer.

The department of justice, it was  
learned today, had orders from Presi-  
dent Harding to see that the rate cut  
is "passed down to the consumer just  
as freight increases during the war  
were quickly passed on."

The reduction is to become effective  
on or before July 1, and administra-  
tion officials look for its reflection in  
cost of living figures shortly there-  
after.

### GEN. LEONARD WOOD AND FAMILY SAFE

(By United Press.)  
Manila, P. I., May 25.—Major  
General Leonard Wood and his  
party who were in danger during  
a recent typhoon storm, will run  
into Manila tomorrow.

Fears were expressed for the  
safety of the Wood party in the  
yacht Apo, which was out of touch  
with wireless for a few hours,  
during the storm, but the vessel  
was safe.

### IMITATION MILK IS OUTLAWED IN INTER- STATE COMMERCE

(By United Press.)  
Washington, May 25.—The house to-  
day passed 256 to 40 the Voigt bill  
putting a ban on "filled milk" or milk  
imitation by outlawing the product in  
interstate commerce.

The legislation had the endorsement  
of the National Milk Producers' as-  
sociation, and of 523 organizations of  
farmers and farm women.

### "McAdoo in 1924," Is Cry of Kansas Democrats

(By United Press.)  
Hutchinson, Kansas, May 25.—"Mc-  
Adoo will drill for 1924" was the war  
cry of Kansas democrats today.

The former secretary of the treas-  
ury apparently has added another  
victory to the several in the west that  
have chosen him for the democratic  
nominee for the presidency at the  
state democratic meeting here.

McAdoo's address was regarded as  
the "keynote" of the coming demo-  
cratic campaign in Kansas and some  
other states where McAdoo is strong,  
contending the tariff as boosting the  
cost of living, and declared the re-  
publican party "the tool of special  
privileges, trusts and monopolies."

### "PRISON BARD" AGAIN FUGITIVE FROM JUSTICE

Sioux Falls, S. D., May 25.—John  
Francis Glynn, the "prison bard" is  
again a fugitive from justice.

Glynn, whose endowment as a  
poet was instrumental in his release  
from the Minnesota State peniten-  
tiary last summer, is sought by au-  
thorities for alleged attempt to as-  
sault a maid at the Carpenter hotel.

Glynn had been lecturing here  
several days. Police said he was in-  
toxicated when the affair took place.

Glynn is author of a number of  
books and volumes of poems. His re-  
lease from prison was secured larg-  
ly through efforts of St. Paul and  
Minneapolis society women, it was  
learned. Literary critics have lauded  
his work.

### PRICE OF COAL AT MINES TILTED SINCE STRIKE BEGAN

(By United Press.)  
Washington, May 25.—All bitu-  
minous coal prices in mines  
throughout the country have  
jumped since the nation-wide  
mine strike began April 1 despite  
warnings of Secretary Hoover that  
there is no justification for this  
increase.

Statistics of the National Coal  
association, printed in its maga-  
zine here today, showed that the  
prices of most grades of coal have  
been increased at the mines from  
25 to 50 per cent. The prices of  
a few grades have been doubled.

### ILLINOIS COAL MINERS REFUSE TO NEGOTIATE WAGES SEPARATELY

(By United Press.)  
Springfield, Ill., May 25.—Illinois  
miners today refused to enter separate  
negotiations with the mine operators  
to end the coal strike.

The state executive board turned  
down the maneuver of the operators  
for separate negotiations, declaring  
they would not enter into separate  
agreements until permitted by the in-  
ternational executive board.

### MOTHER AND SON BURNED TO DEATH WHEN HOUSE BURNS

(By United Press.)  
Florence, Wis., May 25.—Trapped by  
flames which destroyed their home,  
Mrs. Christina Kolar, 50, and her son  
Ladda, 15, were burned to death near  
here last night.

The father and three other children  
escaped. Two of the children were  
severely burned, but it is said they  
will recover.

### WOMEN ROBBERS AND BANDITS GET- TING NUMEROUS

MORE ROBBERIES BY FAIR SEX  
REPORTED SINCE FIRST OF  
YEAR THAN BEFORE

(By United Press.)  
Chicago, May 25.—Women robbers  
and bandits are on the increase ac-  
cording to records of the Chicago po-  
lice.

A greater number of robberies by  
women have been reported during the  
first part of the present year than ever  
before in the city's history.

While women criminals formerly  
were connected with robberies involv-  
ing small amounts, now the charges  
often run into thousands of dollars.

The largest proportion of robberies  
by women are the work of thieves who  
gain entrance to homes posing as  
maids, the records show.

Maids, police believe, operate with  
many members to a gang enabling them  
to get away with bulky loot.

Authorities today sought a "maid"  
who gave the name of Agnes Swanson  
in obtaining employment at the home  
of Owen W. Brewer, wealthy gold  
coast resident. When the family was  
away from home on the third day of  
the maid's employment, she walked  
out with \$15,000 worth of jewelry and  
silverware.

### WAGE CUT OF RAIL MEN IS INTIMATED

(By United Press.)  
Washington, May 25.—Intima-  
tions that a wage cut will be or-  
dered by the railroad labor board  
in the near future as a sequel to  
the ten per cent reduction in the  
freight rates, came from a high  
government official today.  
He stated that the administra-  
tion considered that a wage re-  
duction would enable the carriers  
to help make the freight cuts.

### SHOOTS SWEETHEART; THEN KILLS HIMSELF

(By United Press.)  
Cleveland, Ohio, May 25.—Tony Stef-  
anek, 35, shot and seriously wounded  
Mary Phillips, 30, here today and then  
turned the gun on himself. He died  
immediately.

Physicians said the woman proba-  
bly will die.  
The shooting was the result of Miss  
Phillips' refusing to marry Stefanek,  
police said.

### Senator Watson Takes Siam at Daugherty

(By United Press.)  
Washington, May 25.—Senator Tom  
Watson, of Georgia, today charged in  
the senate that Thomas Felder, attor-  
ney linked with Attorney General  
Daugherty in the pardoning of Charles  
W. Morse, financier, secured the re-  
lease of a cargo of seized contraband  
liquor through Daugherty.

### PARIS STRIKES HOTTEST MAY DAY IN 116 YEARS

Paris, May 24.—Paris today experi-  
enced the hottest May day in 116  
years, the thermometer at one time  
hitting 94 1-10 degrees Fahrenheit in  
the shade. This city was one of many  
European capitals to experience a  
similar heat wave that began sweeping  
western Europe five days ago. The  
heat here generated a peculiarly stif-  
fling haze, although the sky was blue  
throughout France.

### U. S. Ready to Open Negotiations for Treaty On Waterway Project

(By United Press.)  
Washington, May 25.—The United  
States has advised the Canadian gov-  
ernment of its readiness to open ne-  
gotiations immediately, looking toward a  
treaty on the St. Lawrence waterway  
project.

Official announcement to this effect  
was given today by Secretary of State  
Hughes.

### BELFAST HAS BAD NIGHT; FOUR ARE KILLED, 20 HURT

(By United Press.)  
Belfast, May 25.—A constable was  
killed today making the over-  
night casualties in Belfast four  
dead and 20 injured.

Incendiary fires were reported  
incessantly during the night.

Last evening was one of the  
worst Belfast has ever experi-  
enced. Several outbreaks of bomb  
throwing caused many casualties  
among protestant workers return-  
ing to their homes.

### G.O.P. DIVISION GIVES DEMOCRATS DECISION IN SOLDIERS' BONUS

(By United Press.)  
Washington, May 25.—Division in  
the republican senatorial ranks has  
given the democrats the decisive voice  
in the framing of the soldier bonus  
bill.

Unless the republicans can unite on  
the McCumber plan, in deferred bonus  
payments with loan provisions, or the  
Smoot paid-up insurance plan with-  
out any loan or cash provisions, or  
some compromise between the two,  
the Democrats will be able to force  
adoption of either of the plans they  
favor.

Indications today were that most of  
the democrats would support the Mc-  
Cumber idea in preference to the  
Smoot plan.

### PAINTINGS DEMANDED BY FORMER KAISER

Berlin, May 25.—Many of the world's  
greatest paintings, including Rem-  
brandts, Holbeins, Titians, Durers, Van  
Dycks and Raphaels, have been de-  
manded by former Kaiser Wilhelm  
from the Prussian government com-  
mission charged with liquidating Hoh-  
enzollern affairs.

The claim involves millions of dol-  
lars and likewise the question of  
whether the former monarch is en-  
titled to everything bearing the royal  
arms.

The Kaiser's claims have caused  
considerable dispute between the mon-  
archists and republicans.

Moreover, the Kaiser, in his bill, de-  
mands the legal right to produce  
whatever plays he likes whenever he  
wants and likewise to produce operas  
at the Royal opera house and thea-  
tres. He also claims the right to get  
free seats.

### GENOA CONFERENCE WILL ULTIMATELY SUCCEED SAYS GEORGE

(By United Press.)  
London, May 25.—"The Genoa con-  
ference will ultimately succeed," Lloyd  
George declared in a speech before the  
house of commons today.

The British prime minister warmly  
defended the work of the conference  
on which parliament was to be asked  
to give a vote of confidence.

"The non-aggression truce averted a  
damage to Europe from Russia's army  
of 1,500,000 backed by 4,000,000 re-  
serves and starving millions," Lloyd  
George said today. "If the Genoa con-  
ference fails, the European position  
will indeed be tragic."

Lloyd George expressed a profound  
hope for the most practical and bene-  
ficial results of The Hague conference  
next month.

### BREACH OF PROMISE SUIT BEING TRIED

(By United Press.)  
St. Paul, May 25.—Letters written  
by Roy Korfage at Great Lakes  
naval training station to Miss Elsie  
Martz, 25, who is suing him for \$15,-  
000 for breach of promise, were read  
in court today.

In many of the letters Korfage  
referred to her as "his future wife"  
or "wife to be."

Miss Martz charged that Korfage  
turned her down after she had spent  
money for a trousseau.

Korfage moved that the suit be  
dismissed alleging Miss Martz herself  
refused to accept his offer of marriage  
in December, 1920.

### CHICAGO POLICE BREAK UP BLACK MAILING RING

THEY BELIEVE, WHO PREY ON  
WEALTHY WOMEN, BY ARREST  
OF EUGENE BRYANT

(By United Press.)  
Chicago, May 25.—Police today be-  
lieved that through the arrest of Eu-  
gene Bryant that they had broken up  
a black mailing ring which preyed on  
wealthy women throughout the coun-  
try.

Bryant was taken into custody  
when he called for a "dummy" pack-  
age supposed to contain \$750 left  
with a restaurant cashier by Mrs. A.  
A. Shotwell and demanded in a "poi-  
son pen" letter.

The letter declared that facts in  
the writer's possession which would  
result in a divorce of the Shotwells  
would be suppressed if the money was  
paid.

Authorities said Bryant confessed  
knowledge of the letter but claiming  
an accomplice signed his name. "Fon-  
taine" was the actual writer.

"You are dealing with a coast to  
coast blackmailing gang which has  
been operating for 20 years," the let-  
ter to Mrs. Shotwell said. "We know  
how to deal with people of your type."  
Many of Chicago's wealthiest matrons  
received similar letters within the last  
year.

Although police have been notified  
and have made every effort to catch  
the writers, no trace of the black-  
mailers was discovered until the ar-  
rest of Bryant.

### Olcott Is Nominated Republican Candidate For Governor of Oregon

(By United Press.)  
Portland, Ore., May 25.—Governor  
Ben W. Olcott was chosen republican  
candidate for governor over Charles F.  
Hall by 483 votes in the Oregon pri-  
maries.

A complete count with every pre-  
cinct reported, showed today: Olcott,  
42,962; Hall, 42,479.

Olcott ran on an anti-Ku Klux Klan  
platform.

### WILSON ENDORSES REPRESENTATIVE POU OF NORTH CAROLINA

(By United Press.)  
Washington, May 25.—Woodrow Wil-  
son today gave further support to the  
growing belief that in the coming  
congressional campaign he will fight his  
enemies and support his friends.

Following his letters attacking Sena-  
tor Reed, of Missouri, the former  
president has written a letter to B.  
F. Berman, of Raleigh, endorsing Rep-  
resentative Pou of North Carolina for  
re-election to congress.

"In my judgment, his retirement  
would be a serious loss to the party  
and the country," Wilson said in part.

### "STOOL PIGEONS" ARE TABOOED BY FEDERAL JUDGE WILBUR BOOTH

(By United Press.)  
St. Paul, May 25.—The "stool pigeon"  
is doomed to a life of inactivity.

"Lettie Lewis" and others who have  
figured in great crimes—there is al-  
ways at least one in every detective  
story—are taboo in the eyes of the  
bench.

Judge Wilbur F. Booth in federal  
court ruled that federal agents can no  
longer employ "stool pigeons" to aid  
in detecting crime. There is only one  
excuse for that the court ruled—in a  
case where there is definite evidence  
of law violation. Otherwise, no traps  
may be set. The ruling came in a nar-  
cotic case.

### Indianapolis Chosen as Meeting Place of Next General Assembly

(By United Press.)  
Des Moines, Iowa, May 25.—Indian-  
apolis was today chosen as the next  
meeting place of the Presbyterian cen-  
tral assembly over Atlantic City.

The funeral of J. J. Tucker Wednesday afternoon at Fort Ripley was one of the most largely attended in the history of that town. Rev. Charles Fox Davis, long a friend of the deceased, delivered the funeral sermon. There were friends present from every town within a radius of 50 miles of Fort Ripley. Men who found the body in the river said the hands were tightly clasped on a snag and the hands had to be pried open before the body could be released. It was found head down in the water.

## Seized Their Opportunities.

At the beginning of the great war, Christiania tried to husband her mar power by employing women as street car conductors. Some objections were raised at first, but in time the traveling public took a real liking to the conductorette on the ground that she was more civil than a mere man. Though there has been no official order to reinstate men, it is noticeable that the women conductors have gradually disappeared. Asked what had become of them, the chief of transit in the Norwegian capital replied that as they had constant opportunity to meet men, so many of them had married that the rest had just naturally resigned.—New York Evening Post.

## WEDNESDAY, LAST REGULAR SCHOOL DAY

Dreaded Finals are Under Way,  
Starting Off With English for  
Seniors and Juniors

### FRESHMEN ARE WORRIED

Seniors Entertained Friday at Gilbert  
Lake, Saturday Juniors Enter-  
tain at Grand View Lodge

Wednesday was the last regular day of school for the high school. Thursday at eight in the morning, when the average student is answering the last call to arise, begin the dread finals, starting off with English for the seniors and juniors and continuing through next Thursday, until the last poor freshman has put down the last problem and date, trusting that his little tin gods have made him cram the proper facts, and not memorize a lot of information that they never, never ask. The last limerick from the "Journal" does not, it is hoped, apply to the members of the Brainerd high school:

A school boy at examination,  
Was registering grief and vexation,  
Till at last, in despair,  
He arose from his chair,  
For he'd lost all his crammed infor-  
mation.

To lessen the horrors of this period, the classes have been indulging in social frivolities in the nature of picnics and suppers. Last Friday the seniors entertained the juniors and faculty at the time honored picnic at Gilbert lake, where the time from four to seven was enjoyed on the lake or in the pavilion. The lake was traversed by boats manned by more or less skillful oarsmen of both sexes. None ran aground, nor were there any collisions due to speeding, nor were any lost in the various bays of that beautiful lake. There were oh's and ah's, whether at sunset, or when the calm evening descended.

When every one was on the point of expiring from hunger, the guests of honor, the baseball men, arrived. All dashed at once to the point, where a fire took the chill out of the air. Two rows of famished folk lined up for the cafeteria lunch, when buns and wieners by the dozen vanished, coffee pots emptied with speed, sugar and cookies were no more. Five gallons of ice cream and hundred of cones took the edge off their appetites. As darkness descended, the baseball enthusiasts called the game because they could see no more.

Saturday of this week the Juniors retaliate with the event of the year, when they spend their hard earned money on their entertainment for the seniors and faculty at the opening of Grand View Lodge. Then there's no frantic rushing for another pickle, nor a mad cry for another cone and a couple of cookies, but a most sedate group of young people sit down together at a banquet, served by the lodge people and decorated and place carded and programmed by the juniors, who have labored hard under Miss Oberg's supervision to make the whole matter a success. After an afternoon in the woods and on the lake, the banquet will be doubly appreciated.

The sophomores decided to use their accumulated dues for a supper at the school house with a subsequent movie for those who so desired, and dishwashing for those who did not. The supper was hot and appetizing, and well served by those freshmen girls who hope to be juniors next year, through a cruel fate in holding away enough credits kept them with the freshmen this year. There are rumors that the freshmen end the year with a picnic.

The last events will be baccalaureate on Sunday, where Rev. Errington addresses the graduating class, and commencement on Thursday of next week, when the seniors assemble for the last time to hear Mr. Prosser. The programs will appear later.

## SCREEN ACTRESS HERE IN PERSON

Miss Helen Gibson, Heroine in "The  
Wolverine" to Visit Brainerd  
Sunday, June 11

### SOMETHING NEW IN BRAINERD

In Pictures She Leaps from Horses,  
Automobiles and Airplanes on  
to Trains

Something new for Brainerd. Manager A. W. Force of the New Park theatre, has succeeded after much expense in obtaining Helen Gibson, herself, to appear in person at the New Park theatre Sunday, June 11, with her latest picture "The Wolverine."

Miss Gibson is well known to theatre goers of Brainerd as the most daring actress on the screen. While she was making her well known series "The Hazards of Helen" her work was under supervision of railroad officials as they were in constant fear that some of their railroad equipment would be wrecked as a result of her marvelous daring.

Leaping from horses, automobiles and airplanes onto trains is child's play for Miss Gibson.

"The Wolverine," the picture which will be shown with her personal appearance, is a very worthy vehicle for Miss Gibson. In this picture she displays horsemanship which very few of our male western stars can equal. She is well supported by a very capable cast.

### SOUTH LONG LAKE

Mr. and Mrs. Lee Fairbanks, and Mr. and Mrs. Willford, spent Sunday with Mr. and Mrs. Will Maust.

Ethel Peterson called on Fern Gibbs last week.

Mrs. Albert Krueger and Lillian Wicklund, visited the school Friday.

Mrs. Sam Rairden has been quite sick. Her friends and neighbors hope to see her well again.

Mr. and Mrs. Paul Henningson motored to Brainerd and attended church Sunday.

Mrs. Brown went to Brainerd Sunday to see her husband who is sick at the Northwestern hospital. Mr. Brown is gradually improving and hopes to be home again soon.

Lee Fairbanks planted corn for Mr. Brown Friday.

George Henningson is building a barn on his place.

Mrs. Dick Murray underwent an operation at the Northwestern hospital. Her friends and neighbors wish her a speedy recovery and hope to see her home before long.

Carl Maust went to Brainerd Saturday.

Miss Lillie Anderson and Miss Alto Maust spend Sunday with Mr. and Mrs. Bert Busbey.

Mr. and Mrs. Charley Nelson of Brainerd, spent Sunday with Mrs. Nelson's parents, Mr. and Mrs. H. D. Sutton.

Fern Gibbs and Andrew Anderson spent Sunday with Myrtle Lamont.

The school in District 15 closes Friday, May 26.

### His Time.

There is a story told of Mark Twain's boyhood. He was staying with his brother, who was a model Christian. One morning, shortly after the family were seated at breakfast the voice of the young boy was heard from upstairs: "Has the Scripture lesson been read?" he shouted. "Yes," they answered. "Family prayers over?" "Yes." "Grace been said?" "Yes." "All right, I'll be down in a minute."

## CLASS DAY AT HIGH SCHOOL

High School, Mixed Grade and Two  
Washington 8th Grades Listen  
to the Exercises

### ALICE R. JOHNSON'S PROPHECY

Proves to be An Unusually facetious  
One, Not at All the Traditional  
One Obtaining

Wednesday afternoon the high school, the mixed grade, and the two Washington eighth grades listened to the class day exercises. Esther Claus read the history of this illustrious class of seventy, depicting their joys and trials through their four years together. To the members of the class many forgotten episodes were brought back, and happy memories awakened.

Alice R. Johnson had prepared the prophecy—an unusual one—facetious, not at all the traditional one where the railroads are financed and the nations run by the members of the class twenty years hence, with Broadway lights proclaiming the glories of their fair one. Instead, it was full of surprises—such as: Walter Larson climbs to dizzy heights, in painting smokestacks; Georgina Drexler, instead of being the famous actress, runs a "Half Way House" near Crosby; Helen Holden, the president of the class, is chief ribbon clerk at Donaldson's; Leo McCaffrey is a noted divine; Maurice Stoner chief stockholder in the First National bank; Alice Johnson a jazz artist who chews gum to the time of the music; Desmond Hurley the "Kewpie" artist; Donald Closterman composer of a dictionary of long words—and the others of like fate. There would have to be a special edition of the paper to get them all in.

Leo McCaffrey read the will and presented the faculty and students with tokens of Senior esteem. Their brilliancy and knowledge were left to the school as usual. The faculty Ford was presented with a trailer; Mayme Britton and Oliver Cook received some love poetry; Mr. Dillan and Miss Opsahl were presented with two horseshoes; Lucille Nolan received instructions on how to reduce, and other got equally appropriate presents.

The memorial of the class was presented by the president. The proceeds of the class play were put into a portable piano, so that no longer need the students and the faculty fear the transporting of the large piano up and down the attic stairs. The piano is a Miessner with a beautiful tone, and so constructed that four boys can get a good grip on it and carry it without danger.

The afternoon concluded with the class song and yell.

Ki-yi-yi Siss-boom bah Twenty-two; twenty-two.  
RAH! RAH!! RAH!!!

Your mother made you take them every spring—HOLLISTER'S GOLDEN NUGGET TABLETS drive out winter's germs, impurities, cleans and purifies your system—they make you feel great all over. H. P. Dunn.

### All Patriot Had to Give.

The flag which accompanied Garibaldi in all his expeditions, has been discovered in the chapel of the Villa Arson of Nice, which belongs to Count Raymond de Castellane. It is stated that Garibaldi stood godfather to the little daughter of his friend, Comendatore Arson de Saint-Joseph, and appeared at his baptism with his flag, which he presented with the words, "This is all a soldier can give." Count Raymond presented the flag to the M. sena museum.

### Indigestion Unchecked Leads to Poisoning!

Fermentation of Food in Digestive  
Organs Cause of Trouble

If you suffer from indigestion it is a sure sign that your system is being slowly poisoned by the fermentation in the intestines. This condition produces heartburn, choking sensations in the chest, a feeling of heaviness or drowsiness, irritability, discouragement and despondency.

Mr. M. J. Christopher, 5724 Keyser Street, Germantown, Pa., long a sufferer from indigestion, writes:

"Before using Dr. A. W. Chase's medicines, I felt so badly that I did not care whether I lived or died. I suffered from indigestion and my stomach would be so upset that even a piece of bread and a cup of coffee would give me great pain. Since taking Dr. A. W. Chase's K-L Pills I can eat almost anything without feeling any after-effects. The sore, aching feeling which I used to have in the lower part of my back is gone, and I feel so ambitious to do many things which I could not do before."

You can buy Dr. A. W. Chase's remedies at all drug stores. To be sure of getting the genuine, see that portrait and signature of A. W. Chase, M.D., are on each box. This trade mark is your protection against imitations and substitutes.—Advertisement.

## IRON ORE INDUSTRY REVIVING

EXPERTS who have been closely observing the iron industry, which has been late getting started this year, state that nearly normal operations will commence about June 1. This major industry in Northern Minnesota has shown signs of rapid revival consistently since May 1, it is declared, and persons in close touch with the mining and shipping divisions are hopeful for an early resumption of activities in all departments.

Among the principal factors delaying the industry have been the coal strike and the pending announcement of changes in rail freight rates. It is thought that by June 1 the Interstate Commerce Commission will have announced the new freight rates and that the coal strike no longer will be a menace to the industry.

Everything is in readiness for a general return to normal of all branches, it is said, and much is expected of this industry within a month or so. Though some of the mines have been slow to re-open with a corresponding dullness in labor circles, there seems to be a spirit of optimism in the mining regions that has been carried to every branch of the industry.

## SIMPLY PRACTICAL PATRIOTISM

THE ST. CLOUD JOURNAL-PRESS gives its readers the following excellent advice, which we respectfully commend to the good people of Brainerd and vicinity:

One of the most effective ways of bringing growth and prosperity to your home town is to patronize the industries and merchants of your own community.

This does not mean narrow provincialism, but practical patriotism.

Your home manufacturers and business men can give you as good value as those of other cities—and that being the case it is good judgment to patronize the men who pay a large portion of the taxes to support the home government, schools and churches.

## TWELVE NEW HOSPITALS FOR VETERANS

AN APPROPRIATION of \$17,000,000 to carry out the provisions of the Langley hospitalization bill has been acted upon favorably by the House committee, and it is probably only a matter of a few days until it will have passed both houses and the money becomes available for immediate use.

The Langley bill provides for the construction of additional hospitals to take care of invalid and disabled ex-service men, and authorizes the appropriation of the above-mentioned sum to carry out its own provisions. There will be twelve new hospitals erected which, when completed, will have a total capacity of 5,450 beds. The United States is divided into fourteen hospital districts for the purpose of taking care of invalid and disabled veterans.

## \$63,000,000 MONTHLY FOR AMUSEMENTS

Do you know that in this wonderful country of ours approximately \$63,000,000 is spent each month for amusements? This is shown by reports to the Treasury department.

Movies, theatres, circuses and amusement parks are receiving the money. But this, apparently a very large sum, really represents only a drop in expenditures for amusements as compared with the amount spent a year ago. The national expenditure for entertainment then was \$79,000,000 a month. There has been a decided slump since, particularly in the movies.

NORTH DAKOTA industrial bonds are being sold at handsome premiums since the Nonpartisan League officials were voted out of office. The Grand Forks Herald says: "It is only a short time since the state of North Dakota was conducting an expensive selling campaign for the purpose of placing its bonds, with results which were negligible except that a bill of expense was piled up."

THE AMERICAN RED CROSS, after eight years of work, in which it spent more than \$400,000,000, will close its main activities in Europe the end of June, it is announced, there being no longer any need for American relief effort in the war-affected countries. The peoples of Europe are better off, it is said, than at any time since the war, due largely to American aid.

THE TOLEDO BLADE advises autoists that it is better to "stop at the grade crossing and watch the train go by than to let the engineer, from the cab window, watch you go bye-bye."

THE PROMISE of little change in the styles, remarks the observing Birmingham News, would indicate that nothing new will be pulled off this season.

THE PRE-PRIMARY campaign is unusually quiet. A lively fall campaign may be expected, however, all along the line.

## Fire in Forests

Destruction by fire of mature forests and areas of second growth remains our most serious problem, says the American Forestry Magazine. If we can only make every man, woman and child appreciate the danger of fire and eliminate it to the degree that European nations have done, we will soon find ourselves well on the road to realize that perpetual forest dream, and insure for all time a steady and constant supply of the wood and paper upon which we all depend.

## Turn to Forests

In England, people burn coal not only in the factories and furnaces, but in their open fireplaces, a habit of many, many years, says the American Forestry Magazine. Yet there, too, they are planting out new forests and expect that the investment will pay; and it will pay, not perhaps so well as some other high yield investments, but because England must have the wood for lumber and realizes that the foreign sources upon which she was accustomed to draw are running dry.

## Membership Increased

Moorhead, May 25—Membership in the Minnesota Brotherhood of Threshermen has increased from 121 in January 1921 to 709, the report of the secretary at the annual conference here today. Farmers and implement dealers are all invited to the meeting which deals with every phase of farming. H. C. C. Gildmeister, of Gaylord, Minn., president, is presiding.

## Diplomas Given

Fargo, May 25—Ten young ladies received diplomas today at Oak Grove, local Lutheran seminary. Miss Louise Trygstad of Wannemingo, Minn., is salutatorian and Miss Julia Russvold, Fort Ransom, N. D., valedictorian. Rev. C. Vang of Minneapolis will give the address.

## Judge Hears Pleas

Grand Forks, May 25—Federal judge Andrew Miller is sitting in U. S. district court here today to receive pleas and for arraignments. The twenty-five cases to be disposed of involve, alleged violations of the food and drug laws, Volstead act, postoffice embezzlements, and conspiracy charges.

## Graduating Exercises

Fargo, May 25—Diplomas were presented today to the first graduation class of the Northwestern Theological seminary of Fargo founded a year ago by the English Evangelical Lutheran synod of the Northwest.

Seven young men received diplomas from E. Kelly Rahrecht of Minneapolis, president of Concordia College, Moorhead.

The baccalaureate sermon was delivered Sunday at St. Mark's church by Rev. W. P. Christy, Minneapolis.

## Must Have Lumber

All Europe once pursued the same destructive policy and faced the same problem. France, devastated by the German army, is facing it again today, writes Arthur Newton Pack, in the American Forestry Magazine. How is it that continental European nations can go through all the labor of planting trees and the years of waiting thereafter and still find the operation profitable? Simply because the people are obliged to foot the bill or have no lumber.

## DAUGHTER, 17, URGES FATHER'S EXECUTION

Michigan City, Ind., May 24—Mabel Donovan of Bloomington, Ind., has written to Governor W. T. McCray urging that her father, William E. Donovan, be executed on June 1. Relatives of Donovan had been working to have the death sentence changed to life imprisonment.

The governor has indicated that Donovan will be electrocuted on the night of June 1.

Donovan was sentenced for the murder of his wife. According to testimony, Mrs. Donovan had left her husband because of his cruel treatment. By a ruse he succeeded in getting her back home and after a quarrel shot her.

The letter from Mabel, who is 17, reads in part:

"I am writing you in behalf of my mother, who was murdered last July by my father, who was sentenced to death on June 1. I understand there

are many efforts being made to get his sentence changed to life imprisonment. I do not want the sentence changed. I was an eyewitness to the murder. I had seen her kicked and beaten many times ever since I was old enough to remember. But because she loved us children she made the best of it. My father cared for no one but himself. I want to say that the sentence given him is surely what he deserves."

## Ready for Spring

All through the winter months our forests are searched, tree after tree, by Nuthatches, Titmouses, Crows, Kinglets and Woodpeckers for eggs and other hibernating forms of insects, says the American Forestry Magazine. Under normal conditions they destroy something like ninety per cent of the tiny caterpillars hatching upon the external parts of trees.

## CHAMBER TO HAVE SUMMER CAPITAL

Lions Club Presents Cabin for Chamber of Commerce Tourist Bureau, 6th and Laurel Sts.

### REV. ERRINGTON MAKES SPEECH

Keys Accepted by Secretary Bouma and Vice President Wieland at Chamber Commerce Meeting

The Chamber of Commerce summer capital has been established at the southwest corner of Laurel and Sixth streets. The Lions did it.

The local Lions club had the building erected, painted and established on the corner. It was done very quickly. In two days carpenters, painters and others had the structure ready to turn over for the Chamber's use.

The presentation speech was made by Rev. Fred Errington at the Wednesday meeting of the Chamber. He turned the keys over to Vice President Walter F. Wieland and the latter gratefully accepted them.

Secretary Bouma spoke on the growth of the summer resort business and that in the no distant future Minnesota would vie with California in its wealth of attractions offered. The Lions' building will be used as a center to distribute free information regarding summer resorts, roads, etc. of the Brainerd lake district.

An appropriate sign calling attention to the Chamber's tourist bureau is to be attached to the building.

### Gets Vacation

The advisory board recommended the secretary be given two weeks vacation with pay and it was accepted by the Chamber. Secretary Bouma expects to leave soon and spend his vacation in Michigan.

The Chamber will send delegates to the Hibbing convention June 5 where an organization of commercial clubs of Northern Minnesota will be formed, the object being to secure united action on various lines of benefit to this section. President Haydon was named as delegate and he was empowered to select his associate delegate.

### New Members

New members joining the Chamber of Commerce were Roy N. Zierke, A. J. Halsted, Ralph W. Long, Grant W. Roberts, A. D. Peterson, E. H. Perry and J. Patrick McGill.

### Examining Centers

Congressman Harold Knutson wrote in reply to a query regarding the establishment of veterans examining bureaus. There is one in Duluth and one in Minneapolis and he believed that if an additional one was established it would be placed in southern Minnesota. There was no truth to the report that examination centers would be established in each congressional district he said.

In case it was decided to have several more established, he said Brainerd because of its geographical location, being the center of the state, would be entitled to consideration.

### Lighting Water Tower

Continued illumination of the water tower was referred to the public utilities committee.

### District Managers Coming

Brown & Bigelow of St. Paul wrote regarding tourist accommodations for a meeting of 15 of their district sales managers. They expect to take an outing of a week commencing June 25, and were desirous of information regarding the best fishing, boating, meals, etc. They were on the trail of the bass and the muskie. Secretary Bouma gave them all information possible and expects to have them come to the Brainerd district.

### Pelican Lake Road

A movement is on foot to make a good road from Merrifield on to the west side of Pelican Lake, to Breezy Point, etc. Subscriptions have been made as follows: Capt. Wm. A. Favett \$300, Con O'Brien \$50, Henry B. Babson of Babson Brothers, Chicago \$25. It is expected to raise \$1,000 and push the improvement to completion.

### Street Cleaning Machine

H. F. Michael told the Chamber of the action of the city council in purchasing a street cleaning machine which will be shipped at once and should be in service in a week or ten days.

He explained that the city would not have money to clean the business portion as it should be cleaned and that a canvass would be necessary to secure the cooperation of the merchant and property owners for this year.

He said that if the proposed Charter Amendment now in the hands of the Charter Commission could be adopted this year that next year the streets down town could be cleaned for 15¢ a front foot which is a third or less than merchants have generally paid for sprinkling in the past and

### VERDICT GUILTY IN CLOUD CASE

Decision of Jurors Secret; Sentence Imposed Later—Mrs. Lillian Cronin Trial Begins

A verdict of guilty was returned by a jury in St. Cloud against Willard H. Cloud, insurance salesman and former banker, who was on trial for several days for an alleged statutory offense. Sentence will not be imposed until other cases growing out of indictments are disposed of, it was said at the court house.

Trial of Mrs. Lillian Mae Cronin on a charge similar to that on which Mr. Cloud was found guilty began yesterday morning when the state presented its case to a district court jury. Mrs. Alice Cloud, who originally brought complaint against Willard Cloud, her husband, alleging relations with Mrs. Cronin, sat directly opposite Mrs. Cronin alongside the attorney's table while the jury was being selected. Cloud was a spectator. The verdict of guilty returned against him was not made public.

Mr. Cloud was formerly engaged in the banking business at Pequot and then removed to Minneapolis.

the cleaning would be more satisfactory than sprinkling.

He urged the hearty cooperation of all merchants and property owners that the streets may be properly cared for this year.

He then moved that the matter be referred to the street committee of the Chamber with the request that they at once secure the merchants' pledges for cleaning, that the streets may be kept in presentable shape. This was carried.

## LITTLE MOTHER WALKS TO CAPITAL

Mrs. M. B. Erickson, Gold Star Mother, Makes Second Tour to President Harding

### INTERCEDES FOR HER SON

Claims Letter is Defective and Therefore Should be Released from Military Prison

Mrs. M. B. Erickson, who some months ago returned from a tour where she hiked to Washington and saw President Harding and interceded for her son, Joseph, has set about on another trip to see if her son cannot be released from army prison.

On the second tour Mrs. Erickson will accept automobile lifts and expects to make better time.

Joseph, she claims, is defective and spent several years in the school at Fort Leavenworth. When the war came, Donald, her older son, entered service and was killed in the Argonne. Joseph was her only support and he was taken too and was later gassed in the Argonne.

Hopeful as ever, the little gray-haired mother is confident that President Harding will ultimately aid her in securing the release of Joseph from prison so he can come home and support her.

## BRAINERD'S OLDEST STORIES OF TODAY

There is a new kind of a Tom the Peep who is introducing new stunts on the south side. ### PICNIC SUPPER

By Business & Professional Women's Club at Gilbert Lake on Friday Evening

The Business & Professional Women's club will give a picnic supper at Gilbert lake Friday evening, all arrangements having been made by the entertainment committee for May. Mrs. Milkes being chairman.

Lunch will be provided by the committee, but each member is asked to bring a cup and spoon. Buses will leave from the usual stand at 6th and Laurel streets, commencing at 5:30 o'clock. The round trip bus fare of 30 cents will be the only expense to those attending. All members are urged to come to the picnic, as many will be leaving soon for the summer holidays, and it will be an opportunity to meet and mingle in an informal manner.

On Monday evening a special meeting will be held in the Chamber of Commerce rooms and all are asked to attend. Matters of much importance will be discussed and a report of the benefit performances will be given by Miss Grewcock. Those who have not received their membership cards in the National Federation should secure them at this meeting. They have a very definite value, as proved by many members.

### St. Francis Guild

The ladies of St. Francis Guild will meet Friday, May 26th at the church basement. The hostesses are Mesdames E. J. Quinn, S. Quinn, Ryan, Quinlan, Ross, Remmels, Russell, Roth and Sargent. Everybody welcome.

## MODERN WOODMEN DAY ON JULY 7TH

Local Camp of Modern Woodmen of America No. 2337 Making Preparations for the Day

### THOUSANDS ARE EXPECTED

To Welcome Woodmen and Royal Neighbors, Rooms and Charges Now Being Listed

In a circular letter to members, Brainerd Camp No. 2337 of the Modern Woodmen of America calls attention to the Fiftieth Anniversary of Brainerd and Home Coming Week. Modern Woodmen Day is on July 7th. "Great preparations are being made by the local camp to entertain and make welcome the many thousands of M. W. of A. and Royal Neighbors who we are already assured will come," says the letter.

J. J. Roney and C. Bruhn, clerks of the camp have been authorized to receive donations needed to defray expenses connected with the Woodmen Day.

Should you be able to accommodate one or more visiting Woodmen or Royal Neighbors for a day or two that week, members should so inform either of the clerks, giving rooms you may have and charges.

### MAY FESTIVAL

Given by Luther League Friday Evening, Has a Three-Fold Purpose

(Contributed)

Take a May walk and come to the social room of the Clara Lutheran church on Friday evening at 8 o'clock. The fresh, spring, breezes are so full of life that we would all A-Maying, go—if we could. But for many it is not so easy to hike to the woods and fill May baskets as some of the poets would have us think. Therefore the committee in charge have planned a party that will be "as full of spirit as the month of May". At this party all members of the Lutheran League are urged to be present and all friends are invited to come and spend an evening in fun.

The Brainerd District Luther League Convention will convene in St. Cloud June 9 to 11. Before that date each league within the district is expected to give a social, the proceeds of which is to be turned over to the District Luther League Missionary Fund. At the above mentioned social tomorrow evening, therefore, a collection will be taken to add to the Brainerd League's Missionary contribution to the district.

Yes, refreshments will be served and that answers the third part of the evening's entertainment. Since this party has a three-fold purpose, that of cheering you mentally for the committee guarantees that you will laugh and be happy; secondly, physically, for the refreshment committee say they will have "good eats and lots of it"; and thirdly, that of cheering you spiritually for you will have an opportunity to do something to aid the Mission work both at home and in the foreign field. Will you not then set aside tomorrow evening and take a May walk to the Clara Lutheran church?

## An Advantage to Young Men

Young men who are building savings accounts are tempted to make withdrawals at frequent intervals—usually for something they could get along very well without. For that reason we recommend to our young men patrons the Time Deposit which is placed in the bank for a definite length of time and which pays a liberal rate of interest. A Savings Account is good but a Time Deposit is better.

## AMUSEMENTS

## Famous Horses in History

Franklyn Farnum, the distinguished player, who is to appear at the New Park on Friday and Saturday, hold the opinion that no love transcends that which a horse holds for its master.

The actor at a recent meeting of screen players in Los Angeles, gave a short talk upon horses and brought back to mind many of the famous horses of history.

General Robert E. Lee and his faithful mount, Traveller, were inseparable companions during the entire Civil War, while Napoleon and his famous white stallion traversed Europe from the whitened walls of Moscow to the vineyards of sunny Italy.

George Washington was a great lover of, and throughout the trying campaigns of the Revolution the father of our country was always in his saddle.

## "The Inside of the Cup"

A remarkable picture, filled with exceptionally thrilling scenes, the story thoroughly human—that was the verdict of the big audience which witnessed the first display of "The Inside of the Cup" at the Lyceum theatre last night. The opinion was a just one, for this Paramount-Cosmopolitan production is one of the best seen in many months.

When Winston Churchill's famous novel of the same name was published in 1913, it was bitterly criticized by clergymen as being an unwarranted attack upon the cloth. While the philosophy of the novel is exploited to some extent in the picture, this necessarily has been subordinated to the dramatic interest of the story itself, the result being a delightfully captivating picture, which will please almost any film fan.

It is to be shown again tonight for the last time, and any one who misses seeing this picture, will indeed miss something worth while.

## "Poor Dear Margaret Kirby"

A different picture is "Poor Dear Margaret Kirby," the feature, starring Elaine Hammerstein, which is showing at the Lyceum theatre Friday only. The eternal triangle does crop up, but it is merely incidental, and is used only to serve as an additional obstacle in the heroine's thorny path to happiness.

## When It Gets Him

A man never realizes his own ignorance so much as when his children start giving him advice.

In adapting this picture from the popular novel of the same title by Kathleen Norris, Lewis Allen Browne, who is given the credit for the picturization of the story, has skillfully caught the sardonic humor and dramatic intensity of every situation.

"Poor Dear Margaret Kirby" is written around a young society matron who suddenly finds herself destitute with an invalid husband on her hands. Her erstwhile friends desert her with the acceleration of rats deserting a sinking ship. In spite of the formidable obstacles which arise, however, Margaret manages to keep her head above water, and in the end her enemies are vanquished, the villain scorned, and the

good Canadian whiskey fell into the hands of New York state troopers when an aerial rum runner crashed to earth near Croton, N. Y. The plane came from Montreal, Canada, loaded

with the contraband. The pilot escaped in an automobile that apparently was waiting to pick up the liquor. State troopers hastened from White Plains to the scene of the accident and took charge of the wrecked

plane and the liquor. They are shown together with George J. McCall, former deputy sheriff, who owns the farm on which the plane landed and who notified the troopers.

## "Muscle Meter" Aids Disabled

Diagnosing Muscle Reaction by Electricity

NO, she is not listening to a radio concert, but is demonstrating the electro-diagnosis machine. One of the new marvels of electricity is that it can be used to measure mathematically the action of weakened and paralyzed muscles or nerves. The measurement is made on a meter as exactly as one's monthly supply of electric current is metered and enables the prescribing of the correct amount of electric treatment to be administered. This machine guides the accurate administration of electricity which has such an important place in the rehabilitation work of The Reconstruction Hospital, New York, the first institution of its kind devoted to treating industrial disabilities and diseases.

Before electro therapy is begun in the case of a paralyzed arm, for example, the testing tip of the electro diagnosis machine is tried on the patient's good arm to determine

normal response. Interrupted galvanic current is used with proper arrangements for starting and stopping its flow. The wire attached to a back electrode is plugged in at various strengths until the patient's normal muscle or nerve reacts to the current. The same process is repeated with the paralyzed arm which, if it is not entirely beyond help, shows reaction, although to a much stronger current. The difference between the strengths of current which cause the two arms to react, gives the specialist the basis for his calculation to determine the exact method for treatment.

As treatment progresses, this machine tests the reactions which, if they follow successively lighter applications, indicate improvement. The Reconstruction Hospital uses electricity in the form of heat, light and chemical action in its work of rehabilitating disabled workers.

## "CARDIGAN"

## Famous Moving Picture Shown Under Auspices of Sidney Carl Hanson Post No. 255 of American Legion

The famous moving picture, "Cardigan" will be shown at the New Park theatre May 29th and 30th under the auspices of the Sydney Carl Hanson Post No. 255 of the American Legion.

This moving picture is one of the Revolutionary period and is valuable to all citizens of America for the instilling of a new sense of patriotism and typifies the free spirit of the

American people. The American Legion in selecting this picture feels they have selected one true American picture. The lesson it teaches is valuable to all children and a special school children's matinee will be put on at reduced prices. The American Legion is showing this picture all over Minnesota at a price of fifty cents with the exception of matinees when the price is twenty-five cents.

The funds derived from the showing of this picture will be sent to the Memorial hospital fund for the hospital at Rochester. The Minnesota De-

## Airplane Rum Runners Crash to Earth

One hundred and fifty quarts of good Canadian whiskey fell into the hands of New York state troopers when an aerial rum runner crashed to earth near Croton, N. Y. The plane came from Montreal, Canada, loaded

with the contraband. The pilot escaped in an automobile that apparently was waiting to pick up the liquor. State troopers hastened from White Plains to the scene of the accident and took charge of the wrecked

partment of the American Legion is erecting a hospital at Rochester costing 500,000. This hospital will serve all ex-service men free of charge if they are unable to pay and will put at their disposal the famous Mayo Clinic.

Every Legion Post in Minnesota is showing the picture "Cardigan" and it is expected a large amount of the funds needed in building and maintaining this hospital will be derived from this show.

The local post has arranged a special attraction for both Monday and Tuesday nights. A complete program will be announced in Friday evening's Dispatch.

## Just Rattled.

A correspondent tells of an amusing Spoonerism she once heard. It was before the days of automobiles, and a young woman gazing out of the window of her home saw some stylish visitors approaching. Instead of saying, as she intended, "Mother, here comes the Cabots in their carriage," she exclaimed: "Here come the Carrots in their cabbage."

## PROCEEDINGS IN BANKRUPTCY

In the District Court of the United States, for Fifth Division, District of Minnesota.

In the Matter of William J. B. Plum, Bankrupt, in Bankruptcy.

To the Honorable Judge Morris, of the District Court of the United States for the District of Minnesota.

William J. B. Plum, of Pequot, in the County of Crow Wing and State of Minnesota, in said District, respectfully represents:

That on the 11th day of October, last past, he was duly adjudged bankrupt under the Acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said Acts and of the orders of the court touching his bankruptcy.

Wherefore he Prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said Bankruptcy Acts, except such debts as are excepted by law from such discharge.

Dated this 11th day of May, A. D. 1922.

WILLIAM J. B. PLUM, Bankrupt.

United States District Court, District of Minnesota, Fifth Division, ss.

On this 20th day of May, A. D. 1922, on reading the foregoing petition, it is Ordered by the Court, that a hearing be had upon the same on the 8th day of July, A. D. 1922, before said court, at Duluth, in said District, at ten o'clock in the forenoon; and that notice thereof be published in the Brainerd Dispatch, a newspaper printed in said District, and that all known creditors and other persons in interest may appear at the same time and place and show cause, if any they have, why the prayer of said petitioner should not be granted.

And it is Further Ordered by the Court, that the Clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated. Witness the Honorable Judge Morris, Judge of said Court, and the seal thereof, at Duluth, in said District, on the 20th day of May, A. D. 1922.

JOEL M. DICKEY, (Seal of the Court) Clerk.

By J. C. HERMAN ENGEL, Deputy Clerk.

## A Married Woman's Advice

Every Woman Should Read This St. Paul, Minn.—"During my early married life I became sort of run-down and suffered with general feminine troubles. I took Dr. Pierce's Favorite Prescription and it built me up in health and strength. Then about two years ago I suffered with functional disturbances, became weak and all run down in health, and I again took the Favorite Prescription and it gave me the same help as before; it built me up in health and strengthened my whole nervous system. Favorite Prescription is a splendid woman's medicine and nerve-vine."—Mrs. S. L. Roberts, 291 Cliff St.
